The story of the Christ has been shared for thousands of years within cultures all around the world.

Only in the last 2000 years was the journey of the Christ popularised into an historical and literal account of one particular man (Yeshua Ben Yoseph or Jesus the Christ). This one change in the story of the Christ was motivated by politics not spirituality. It has separated the truth of the Christ from Man; it has separated Man from his Heart. It's time that changed.

Join with us for an early Christ-mas and rediscover the story of the Christ within the Heart of Man... the Christ within you.
